Mrs. Emil Graff and son-in-law,
Henry Boehle, were business callers
at this office Saturday. FARMING
will visit their home every month
for another year.

Mr. and Mrs. Herman Oefinger and
Willie Nietenhoefer were Hondo
visitors Saturday. Mr. Oefinger also
visited the Anvil Herald office and
had his name entered as a new sub-
scriber.

District Attorney L. J. Brucks re-
turned Wednesday from Bandera
where he had been in attendance on
the court. He will now have a holi-
day until December 4th, when court
opens at Leakey.

Miss Mary Kempf returned to San
Antonio after a two weeks' stay at
home. She was accompanied by Mrs.
August Kempf and Mr. A. C. Leske.
Mrs. August Kempf will visit in the
city for a week or two.

J. G. Karm and daughter, Miss
Josephine, returned Monday after a
week's stay with relatives and friends
in and near Brackettville. Mr. Karm
says it is still very dry out in that
section but that nevertheless the Me-
dina county colony out there is pros-
perous.

Major A. M. Lamm was exhibiting
some full-grown mulberries Thurs-
day, November 22nd. These berries
are just beginning to ripen and the
Judge says they are the fifth crop to
ripen on the tree this season. Great
is Texas!

The Southern Pacific-A. & M. Col-
lege Demonstration train, now, tour-
ing the S. P.'s lines in Texas, will
arrive here at 2 o'clock p. m. Tues-
day, December 5th. It will remain
here only about an hour, and those
desiring to see the exhibits will do
well to be on hand early. This
demonstration train is said to be a
veritable agricultural fair on wheels,
and as it is the first time Hondo has
been favored by a demonstration as
many as can should see it while it
is here.

Little John Wilson Parker, after a
several days' critical illness, is now
fast regaining his normal health.

O. E. Bohlen, an erstwhile Hondo
boy, but who moved to San Benito,
is making good in the business world.
He has recently become a partner in
the mercantile business where he had
been serving as a clerk for the past
four years. He is the son of Mr.
and Mrs. Fritz Bohlen, and all his
Hondo friends wish for him a pros-
perous business career.

B. G. Collier returned Wednesday
from Bell county where he went to
attend the golden wedding anniver-
sary of his sister, Mrs. Medlin. He
says about seventy-five, all, with one
exception, being family connections,
were present, and a great time was
had. Speaking of conditions in that
section of the state, he said they have
not had as much rain as this part of
the country, nevertheless, their small
grain crops look well. While their
cotton crop the past season was bet-
ter than ours, we skinned them when
it came to grain, and many of them
are now supplying their deficiency
with West Texas corn. Mr. Collier
says rid us of the boll weevil and we
have the garden spot of the universe.

Tractors, graders, plows and scrap-
ers are busy on North Front Street
and the long-heralded improvements
are now under way. A gutter will
be built along the front of the busi-
ness houses, and a forty-foot gravel-
way (which will carry it to a connec-
tion with the railroad right-of-way)
will be constructed, the gravel to be
10 inches deep. As it will take
some time to complete the contem-
plated improvements, this will not
be one of the blessings we will return
thanks for next Thursday.

The following card has been re-
ceived: "Mr. and Mrs. W. W. Isom
request the honor of your presence
at the marriage of their daughter
Alta to Mr. Kyle Willis Bradley,
Wednesday evening, November the
twenty-ninth, nineteen hundred and
twenty-two, at six-thirty o'clock,
twenty-six hundred and eighteen
West Commerce Street, San Antonio,
Texas."

Airplanes over Hondo Thursday
reminded one of the war times. We
understand they were distributing
advertising matter of a great pend-
ing battle—to be fought on the foot-
ball gridiron at Sabinal between
warriors of that town and a team
from Kelly Field, Friday.

Mrs. C. B. Brown was brought out
from San Antonio this week and is
at the home of her parents, Mr. and
Mrs. J. W. Miller. Mrs. Brown's
health has been somewhat impaired
recently and it was hoped that the
change might prove beneficial.

Carter & Bader, Ford dealers, re-
port the following sales for the past
week: touring cars to Mrs. Annie
Schuehle and Willie Muennink, Hon-
do; touring car to Fritz Etter, Rio-
medina; and a touring car to Henry
Biry, D'Hanis.

FOR RENT—To a good farmer, 50
acre field, 5 miles west of D'Hanis
on main highway; must have good
implements and team. Pasture and
house with it. Joseph Courand,
San Antonio, Texas. 15-4t

Jim Hall, after a several days'
visit to Mrs. Hall and Mr. and Mrs.
D. B. Martin, returned Sunday after-
noon to his headquarters at Hacienda.

A DEPLORABLE TRAGEDY.

One of the most deplorable trage-
dies in the annals of Medina county
occurred about 4:30 last Friday af-
ternoon, by which Sterling Eckhart,
the 13-year old son of Mr. and Mrs.
Will Eckhart, lost his life. Little
Sterling was a member of a hunting
party of four children, and fell a vic-
tim to the accidental discharge of a
shotgun in the hands of his 16-year
old brother, Andrew. The charge
took effect in the little fellow's thigh,
and as it was fired at close range,
the flesh was literally torn away,
leaving the bone exposed.

The accident occurred near the
railroad bridge over the Hondo, east
of town. Bob Reynolds, section
foreman, who had his gang in that
vicinity, heard the shot and shortly
after, hearing the screams of the boy,
hurried to the scene, arriving some
fifteen minutes after the shooting.
He rendered first aid by an impro-
vised tourniquet made out of the
boy's handkerchief, and immediately
sent the elder boy for assistance. He
says the accident seemed to have daz-
ed the children and they had made no
move until his arrival. Mr. Eckhart
on being advised, rushed to the spot
on his truck. Dr. Meyer, who was
returning from a visit to a patient
beyond the bridge, was intercepted
and took charge of the wounded boy,
rendering all aid possible, and the
patient was rushed to Mrs. Hurt's
here in town and everything possible
done for him, but the shock was too
great and his life flickered out about
10:30 that night.

The children, ostensibly on a bird
hunt, became tired and were amusing
themselves by throwing up tin cans
and shooting at them, and the victim
was in the act of kicking up a can
when he received his death wound.

The funeral occurred Saturday
afternoon, interment being made in
Oakwood Cemetery, Rev. A. Falken-
burg of the Lutheran church conduct-
ing the services.

Mr. and Mrs. Eckhart and An-
drew, the unfortunate author of the
terrible tragedy, who is bowed with
grief over the unfortunate affair,
have the unbounded sympathy of all
our people.

MARRIED.

Mr. Elgin Stiegler and Miss Ella
Foss, two popular young people of
New Fountain community, were hap-
pily married at the New Fountain
Methodist church Wednesday morn-
ing, November 22, 1922. The pastor,
Rev. Fritz Foerster, performed the
ceremony. The young couple left on
the morning train on a honeymoon
trip to Galveston.

The groom is a son of Mr. and Mrs.
Fritz Stiegler and a sturdy, success-
ful young farmer. His bride is the
daughter of Mr. and Mrs. Christian
Fuos of Sturm Hill. They have a
host of friends who join this paper
in wishing them bon voyage down
the stream of life.

After their honeymoon trip they
will be at home to their friends at
Vandenberg.

Rev. Father Francis Pallanche was
here from Cuero Thursday on busi-
ness and pleasure. While here he
was the guest of the newly-arrived
resident priest, and a reception was
tendered him Thursday night at the
parochial residence. An enjoyable
evening was spent by those present
and a program of music and singing
lent variety to the entertainment.
Refreshments of chocolate, coffee and
sandwiches were served.

Mr. and Mrs. Willie Windrow have
moved from the Baptist Parsonage to
one of Mrs. Frances Keller's resi-
dences and the parsonage will be oc-
cupied by the new Baptist preacher,
Rev. W. C. Brown, and family.

Hondo High School basketball girls
went to Castroville yesterday after-
noon to play a match game with the
Castroville team. The paper goes to
press too early to give a report of
the result.

J. C. Merriman and family have
moved from the Dowdy residence in
the southwest part of town to their
own residence in the southeast part
of town.

Rev. Mother Florence was here
from Our Lady of the Lake Wednes-
day on an official visit to the Parochi-
al school.

Stanley Crabtree and family this
week moved from the J. C. Merriman
place to the Howard Laughinghouse
farm.

CHIROPRACTIC Is a Curative Science

It makes no claims to be a pan-
acea for all the ills of mankind.

But it is a curative science that
goes to the cause of disease and
by removing the cause makes you
well.

This is not a wild, unsupported
statement. It is a fact that is at-
tested to by thousands right here
in Texas, among them many of
your own friends.

Mr. J. W. Harris, who has been critically ill the past week, was reported somewhat improved Friday.

However, the old gentleman's extreme age, he approaching the 90th milestone of life, leaves his friends still somewhat apprehensive, notwithstanding his apparent improvement.

The Del Rio football team passed through Hondo Friday morning en route to Corpus Christi, where they will meet the Temple team in a game for the district championship, today.

They are a husky bunch and should be able to give a good account of themselves in the contest.

Mr. and Mrs. Adolph Haby were here from Dunlay yesterday shopping. Mrs. Haby informed a representative of this paper that the chili supper will be held there tonight for the benefit of the Dunlay school.

Cotton shipments for the week were eight bales; for the season, 2450 bales.

Cotton, basis middling, was bringing 24.50 here Friday morning.

Judge H. E. Haass spent a couple of days in San Antonio this week.

Robert Bretten was over from Dunlay yesterday on business.

A WOOL AND MOHAIR EXHIBIT.

The Texas Experiment Station at College Station has decided to include their Wool and Mohair exhibit on the Southern Pacific-Texas A. & M. College Agricultural Demonstration Train which will leave Houston next Monday for a three weeks' tour of the Southern Pacific Lines. This exhibit has attracted wide attention and interest at the State Fair at Dallas, and at all other fairs where it has been shown. It is one of the finest wool and mohair exhibits ever gotten together. In it is included samples of wool and mohair from all the major sheep and goat raising countries of the world, as well as different sections of the United States, and also it includes samples of all the different kinds of cloth that can be manufactured from either wool or mohair. This exhibit shows that Texas wool and mohair compares very favorably in quality to other wool and mohair, and also that it can be grown in practically all sections of the state.

The Texas Experiment Station operates a wool-scouring plant at College Station, under the direction of an expert wool man, where it will scour samples of fleece free. In doing this they will also grade the fleece and give the grower the grade of his wool, and also a reasonable price he should expect for same at current market prices. The sample they will either sell for the grower, and remit price received to him, or return unsold. More of our sheep and wool men should avail themselves of this splendid service given by the Texas Experiment Station.

No one who possibly can, should fail to see this exhibit on the Southern Pacific-Texas A. & M. Agricultural Demonstration Train.

J. I. McGregor, Agricultural Agent, Southern Pacific Lines, Texas.

FROM THE BANDERA NEW ERA.

John Moczygemba, a 19-year old boy of San Antonio, became lost while hunting in Medina county last Sunday morning, and was found late Monday evening in an exhausted condition by Joe Villemain of Pipe Creek. He had been exposed to the rain and cold for over 36 hours and had wandered about seven miles from his starting point. When found he was taken to the Villemain home and revived, and was able to return to his home at San Antonio yesterday.

Mrs. Charles de Montel of Camp Verde spent several days with her daughter, Mrs. A. V. Pue, the past week.

Captain Charles de Montel of Camp Verde was in town Monday and paid the New Era office an appreciated visit.

DOES NOT OPERATE

Will be at

TRAVELERS HOTEL Monday and Tuesday Dec. 4th and 5th.

Office Hours: 10 a. m. to 4 p. m.

TWO DAYS ONLY

No Charge for Consultation

Dr. Mellenthin is a regular graduate in medicine and surgery and is licensed by the State of Texas. He visits professionally the more important towns and cities, and offers to all who call on this trip free consultation, except the expense of treatment when desired.

According to his method of treatment he does not operate for chronic appendicitis, gall stones, ulcers of the stomach, tonsils or adenoids.

He has to his credit wonderful results in diseases of the stomach, liver, bowels, blood, skin, nerves, heart, kidney, bladder, bedwetting, catarrh, weak lungs, rheumatism, sciatica, leg ulcers and rectal ailments.

If you have been ailing for any length of time and do not get any better, do not fail to call, as improper measures rather than disease are very often the cause of your long standing trouble.

Remember above date, that consultation on this trip will be free and that his treatment is different.

Married women must be accompanied by their husbands.

Address: 336 Boston Block, Minneapolis, Minn.

Very Much So Dolly: "Oh, mother! Look at this box of gold-tipped cigarettes that Jack sent me. What do you think would be suitable for him? I must give him something, you know."

Her Mother: "I think a box of bonbons would be appropriate, my dear."

Nerve Guard: "Sir, the forger in 233 wants to borrow a pen and some paper."

Warden: "Attack of conscience? Wants to write home?"

Guard: "No, sir. He wants to practice up on signatures so he won't be out of form when he's released."

Nervous Break-Down

MRS. ANNIE LANGE, of R. F. D. 1, Burlington, Tex., writes as follows regarding her experience with Cardui: "Some time ago I had a nervous breakdown of some kind. I was very weak and so nervous. I had fainting spells and suffered a great deal, but more from the weak, trembly, no-account feeling than anything else. I knew I needed a tonic, and needed it badly. I began the use of Cardui to see if I couldn't get some strength, as I knew of other cases that had been helped by its use. I soon saw a great improvement, so I kept it up. I used seven bottles of Cardui, and can say the money was well spent, for I grew well and strong. Am now able to do all my housework and a great deal of work besides."

If you are weak, run-down, nervous and suffer from the ailments peculiar to women, it is very likely that Cardui will help you, in the way it helped Mrs. Lange and has helped thousands of others, during the past 40 years. Ask for, and insist on, Cardui.

Mr. J. W. Harris, who has been

critically ill the past week, was re-
ported somewhat improved Friday.

However, the old gentleman's extreme
age, he approaching the 90th mil-
lion of life, leaves his friends still

somewhat apprehensive, notwith-
standing his apparent improvement.

The Del Rio football team passed
through Hondo Friday morning en

route to Corpus Christi, where they
will meet the Texaco team in a game

for the district championship, today.
They are a husky bunch and should

be able to give a good account of
themselves in the contest.

Mr. and Mrs. Adolph Haby were
here from Dunlay yesterday shop-

ping. Mrs. Haby informed a repre-
sentative of this paper that the chili

supper will be held there tonight for
the benefit of the Dunlay school.

Cotton shipments for the week
were eight bales; for the season,

2456 bales.

Cotton, basis middling, was bring-
ing 24.50 here Friday morning.

Judge H. E. Haas spent a couple of
days in San Antonio this week.

Robert Brieden was over from
Dunlay yesterday on business.

BOBCATS LOSE TO TIGERS.

Dilley Unable to Penetrate Defense of Yancey.

On a mud-slick court, but on firm footing, the fighting Tigers met the Bobcats on their home lot and then pushed them to a 7-11 defeat. Despite the fact that two Yanceys were ineligible, the team pulled itself together and with its back to the wall, fought back almost every Dilley attempt at scoring.

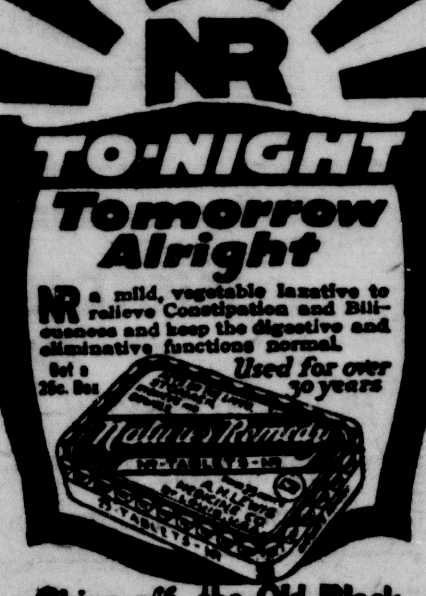

At only one time were the Cats able to gain the lead, and then lost it in a few seconds. At the close of the first period the score stood 4-5 in favor of Yancey, but the youngsters started the second half with a whirlwind attack and consistently increased their lead until the end of the game.

Young Radetzky, game guard, was the outstanding star, while for Dilley D. Rogers, right forward, showed up best.

A WOOL AND MOHAIR EXHIBIT.

The Texas Experiment Station at College Station has decided to include their Wool and Mohair exhibit on the Southern Pacific-Texas A. & M. College Agricultural Demonstration Train which will leave Houston next Monday for a three weeks' tour of the Southern Pacific Lines. This exhibit has attracted wide attention and interest at the State Fair at Dallas, and at all other fairs where it has been shown. It is one of the finest wool and mohair exhibits ever gotten together. In it is included samples of wool and mohair from all the major sheep and goat raising countries of the world, as well as different sections of the United States, and also it includes samples of all the different kinds of cloth that can be manufactured from either wool or mohair. This exhibit shows that Texas wool and mohair compares very favorably in quality to other wool and mohair, and also that it can be grown in practically all sections of the state.

The Texas Experiment Station operates a wool-scouring plant at College Station, under the direction of an expert wool man, where it will scour samples of fleece free. In doing this they will also grade the fleece and give the grower the grade of his wool, and also a reasonable price he should expect for same at current market prices. The sample they will either sell for the grower, and remit price received to him, or return unsold. More of our sheep and wool men should avail themselves of this splendid service given by the Texas Experiment Station.

No one who possibly can, should fail to see this exhibit on the Southern Pacific-Texas A. & M. Agricultural Demonstration Train.

FROM THE BANDERA NEW ERA.

John Moczysgemba, a 19-year old boy of San Antonio, became lost while hunting in Medina county last Sunday morning, and was found late Monday evening in an exhausted condition by Joe Villemain of Pipe Creek. He had been exposed to the rain and cold for over 36 hours and had wandered about seven miles from his starting point. When found he was taken to the Villemain home and revived, and was able to return to his home at San Antonio yesterday.

Mrs. Charles de Montel of Camp Verde spent several days with her daughter, Mrs. A. V. Pue, the past week.

Captain Charles de Montel of Camp Verde was in town Monday and paid the New Era office an appreciated visit.

Nervous Break-Down

MRS. ANNIE LANGE, of R. F. D. 1, Burlington, Tex., writes as follows regarding her experience with Cardui: "Some time ago I had a nervous breakdown of some kind. I was very weak and so nervous. I had fainting spells and suffered a great deal, but more from the weak, tremble, no-account feeling than anything else. I knew I needed a tonic, and needed it badly. I began the use of Cardui to see if I couldn't get some strength, as I knew of other cases that had been helped by its

use. I soon saw a great improvement, so I kept it up. I used seven bottles of Cardui, and can say the money was well spent, for I grew well and strong. Am now able to do all my housework and a great deal of work besides."

If you are weak, run-down, nervous and suffer from the ailments peculiar to women, it is very likely that Cardui will help you, in the way it helped Mrs. Lange and has helped thousands of others, during the past 40 years. Ask for, and insist on, Cardui.

FUNDAMENTAL REVELATION in DRAMATIC SYMBOL.

By Rev. J. T. Horger.

IX. Noah's Three Sons.

This is the third article on Shem, Ham and Japheth, the three sons of Noah and their children; holding that the Hamites were types of the natural, fallen, unconverted man; and that the Shemites were types of the regenerate children of God, and that the Japhethites are types of the sanctified children of God.

In other words, these three tribes represent the three different grades of character that each individual is called of God to obtain while passing through the three dispensations—that of the Father, that of the Son, and that of the Holy Ghost—which God has ordained and immutably fixed as the only way unto eternal life and everlasting joy at His right hand in glory.

We have already shown Ham and his descendants, according to the scriptures, to be the most lascivious, ungodly and wicked of all the nations of Bible history.

Bible history also shows that the Hamites and especially the Canaanites, the descendants of Canaan, the youngest son of Ham, on whom Noah seemed to especially direct the curse pronounced upon Ham for his unclean and wicked conduct—(Gen. 9:20 to 29)—were always the most unrelenting and persistent enemies of the Shemites, especially the children of Israel, who were the descendants of Shem, through Abraham, Isaac and Jacob.

And secular history tells us that no tribe of the Hamites were ever known to be whiter than a dirty, suttly white.

It is also a well known fact that the negro is one of the tribes of Ham, and that his natural characteristics are the most repulsive of all the human race.

Let it be understood that the writer has no desire whatever to slander or vilify the negro; but only bring him into this discussion because he is a descendant of Ham, and that his color and other features are typical of the deepest and most dire phases of moral and spiritual corruption.

Now, speaking from a scriptural point of view, whatsoever may be said of the opposition of the Hamites, in a literal and material sense, against the Shemites, may properly be said of the opposition of the "flesh"—carnal-minded—the world, and the devil, against the spiritual progress of the regenerate children of God.

We have followed the descendants of Shem through Abraham, Isaac and Jacob down into Egypt, the land of Ham, where they became the bond-slaves of the Egyptians for four hundred years, and then were brought out of there by Moses, under the direction and leadership of the Lord Almighty; and crossing the Red Sea, a type of conversion—that is, the new birth—they traveled intermittently about six weeks, when they camped at Refiden, near the foot of Mount Sinai. And the Amalekites, a tribe of the Canaanites, descendants of Ham, fought against Israel, which we discussed at length in our last article, and then the Israelites moved, and camped at Mount Sinai, where they stayed for about one year.

Now, let us remember, that their Egyptian bondage was a type of the unconverted state of the sinner, in bondage to the flesh—the carnal-minded—the world and the devil, and their crossing the Red Sea a type of their conversion, and their journey from the Red Sea to Canaan, the Holy Land, was a type of the converted, or merely regenerate state; and the Holy Land was a type of the state of sanctification of heart, and the life of holiness.

While they camped at Mount Sinai, about one year, Moses went up into the Mount and stayed alone with God forty days, receiving the Law and the Ten Commandments, on two tables of stone. It was here that Moses had the people to make

the Old Testament covenant with God, which consisted of a solemn promise to keep the moral law and also to observe the ceremonial law, which was equivalent to joining the church. Here he made the Tabernacle, a kind of portable church house, which was also called the tent of congregation. The pattern of this Tabernacle was God-given and was another setting-forth of the triune principle and plan of salvation, which we hope to discuss by detail in a future article. We are also told by those who have carefully searched into the manner and formation of their camps each time they stopped, was a figure of the three dispensations of salvation. It was understood that God dwelt in the Holy of Holies in the Tabernacle, and the priest, typical of the sanctified part of the church, camped next the Tabernacle. And the Levites, typical of the regenerate part of the church, were next to the priest, and the balance of the twelve tribes, typical of the unconverted, adherents to the faith, were on the outside of the camp.

Now let the reader realize that the THREE departments of the Tabernacle symbolizing the THREE dispensations, producing the THREE states of character, which was also personified by the THREE sons of Noah, namely Ham, Shem and Japheth, are all the handwriting of Jehovah upon the canvas of revelation of the immutable and unchangeable way, method, mood and manner of the salvation of an immortal soul.

But we turn to our subject proper; that is, the travels of the Israelites, descendants of Shem, types of the regenerate children of God, going to the Holy Land, the type of sanctification and the life of Holiness. And we see them start, with a cloud over them by day, and a fire by night, which was the symbol of the Holy Spirit guiding them into their inheritance, the Holy Land, a type of the state of perfect love.

Thus symbolizing, the life of the regenerate child of God, with his or her face towards the promised inheritance, the baptism with and the abiding of the Holy Ghost, they march towards the land of corn and wine, milk and honey, which God had promised to give to the true children of Abraham, Isaac and Jacob, the descendants of Shem.

Yes, the Shemites, authorized, led, aided and supported by Jehovah, are now going to take the possessions of the Canaanites, the children of Ham. And it was about two years from the time that Israel, the descendants of Shem, were converted at the Red Sea, when they reached Kadesh, in the wilderness of Paran, which was approximately in sight of the Promised Land where the Canaanites, the offspring of Ham, dwelt.

And the Lord God commanded Moses to send a man selected from each of the twelve tribes of Israel over into the Promised Land, to search it out as to its beauty and value, and the possibility and probability of possessing it, under the leadership and support of Almighty God.

Now, dear reader, note that this people had been in Egyptian bondage about four hundred years, God's picture of the unconverted state; and now they have been in the wilderness about two years, God's picture of the regenerate state; and they in sight of the Promised Land, God's picture of the sanctified state; at which time He commanded them to go in and possess it.

Now, the point is, that according to this symbolic drama, the time is comparatively SHORT from the time a soul is converted, truly born of the spirit, till God would have it enter into its inheritance, namely, by believing in and seeking after the Baptism of the Holy Ghost and Fire till we receive it; in which state of grace we are enabled to overcome all the Canaanites and Hamites, both within and without, and puts the soul in possession of the promise of the Father, the Abiding Comforter.

Some would have us believe that if the experience of sanctification and the life of holiness is to be obtained at all, it is to be expected only after a long and laborious growth in grace; down at the latter end of life's journey, where age itself is supposed to give prestige unto holiness. But all the scriptures, both in symbolic outline and New Testament examples, show that the plan of redemption contemplates the entire sanctification of the soul, by the baptism of the Spirit, within a few days, weeks, months or years after being born of the Spirit.

However, the twelve spies, appointed by Moses, went over into Canaan to look up the situation, and returned and ten of them said, "We came unto the land whether thou sendest us, and surely it floweth with milk and honey, and this is the fruit of it—pomegranates, grapes and figs. Nevertheless, the people be strong that dwell in the land, and the cities are walled, and very great; and, moreover, we saw the children of Anak, the giants there. The Amalekites, the Hittites and Jebusites and the Amorites dwell in the mountains;

and the Canaanites dwell by the sea and the coast of Jordan. So it is with the majority of church people, when we talk to them about entering into the experience of sanctification, and living a holy life; they say that 'such a life would be a good thing, and that IF the constitutional nature of our hearts were prone to good, instead of evil; and IF the environments and circumstances were not so averse to righteousness and true holiness, that such an experience and life might be possible. But under the present conditions it is impossible.' But when ten of the spies made a discouraging report, then stood up Caleb, who was also one of the twelve spies, and said, "Let us go up at once and possess the land, for we are well able to overcome it." But the evil report of the ten spies prevailed, and turned the entire congregation back to wander in the wilderness for thirty-eight years, till all were dead whose faith failed. But when they heard the curse that God had pronounced upon them, they arose early in the morning and went up to the top of the mountain, saying, "Lo, we are here and will go unto the land which the Lord hath promised."

But Moses said, go not up for the Lord is not with you. But they went up anyway and lo, the Amalekites and the Canaanites, the children of Ham, came out and smote them with a sore defeat. And they, with broken hearts, weeping, turned back into the wilderness to wander and die without having received their inheritance.

Now, dear reader, you see that on the account of the lack of faith, that is, belief in God's specific promise, these children of Shem, types of God's regenerate children, could not overcome these Canaanites, the children of Ham, types of the evil and wicked forces of earth, and therefore were compelled to wander in the wilderness, to be bitten by fiery serpents and to die with pestilent diseases, amid disgrace and shame.

Now, let us make a plain, practicable application of this God-given symbol of the evil report of the ten spies and its results among the children of Israel.

Through all the ages since the days of the apostles, but more especially during the last thirty-five or forty years there have been a few men and women, both of the ministry and laity, of several different denominations, who, like Caleb and Joshua, have stood up and testified and preached and exhorted the children of God to believe in God's promise of the baptism of the Holy Ghost and fire, whereby they are to be translated out of the state of regeneration—the wilderness life—into the state of sanctification—the Canaan life—of corn and wine and milk and honey.

But, do you know, there has been a majority faction, both of the ministry and laity of our various denominations, who, like the ten spies, have continually brought up a discouraging and often evil, false report, saying that it was impossible to obtain the "Father's promise" and to possess the experience of sanctification of the heart and live the life of true holiness in this sin-cursed world; because of the CANAANITES and HAMITES (evil forces) that dwell in the land.

Yes, the ten spies said the land which we passed through to search it, is a land that EATETH UP THE INHABITANTS THEREOF; and we were like grasshoppers in our own sight, and so were we in their sight. In like manner it has been said that the doctrine of holiness of heart and life was an evil doctrine, that it destroys the character of the people who believe, seek, obtain and profess it.

And now it has come to pass that multitudes have been turned back in the wilderness, and have grown cold and lifeless; and it is generally realized and acknowledged that the average church of the leading denominations of today is FAR below a normal state of regenerating grace, to say nothing of the fact that they have UTTERLY FAILED to enter into the promise of the Father, the sanctifying and anointing power of the Holy Ghost. Moreover, the poisonous reptiles of higher critic infidelity are biting, poisoning and destroying multiplied thousands of God's children.

Unbelief, worldliness and wickedness abound in the church, and is spreading throughout the world like wild fire. Some of our churches are putting in pool tables, and some dance halls, and others picture shows, and all sorts of worldly amusements are used as draw cards. All of which are unmistakable evidences of the absence of the Pentecostal power, and is a public confession that the glory of the Holy Ghost dispensation, the inheritance of God's children, has departed from these churches. Just as the Israelites disbelieved God, touching the gift of the Promised Land, and were turned back in the wilderness, and ginned around Mount Seiv for about thirty-eight years, even so are these churches which have reject-

A USEFUL PAIN

Hondo People Should Heed Its Warning.

Have you a sharp pain or a dull ache across the small of your back? Do you realize that it's often a timely sign of kidney weakness? Prompt treatment is a safeguard against more serious kidney troubles. Use Doan's Kidney Pills. Profit by a Hondo resident's experience.

W. A. Mask, engineer, says: "I found Doan's Kidney Pills to be an A-1 remedy for kidney trouble. My back was sore and my kidneys acted irregularly. I felt tired, worn out and had no ambition to do anything. I had a dull pain in my kidneys day and night. I heard of Doan's Kidney Pills and tried them. One box of Doan's cured my back and I have had no trouble with my kidneys since."

ed the doctrine and experience of sanctification by the baptism of the Holy Ghost and fire, now ginning around in formalism and dead works, practically getting nowhere and accomplishing comparatively nothing in the kingdom of grace and the power of the Spirit. Ichabod is written over many church doors and spiritual desolation is written upon the faces and wrought out in the lives of countless thousands of so-called Christians, who are wandering in the wilderness and barren land of unbelief in the specific "promise of the Father," the gift of the Holy Ghost in His sanctifying and enduring power.

God willing, we will continue the contest between the Shemites and the Hamites in our next chapter.

WITH THE DRILLERS.

Now that the weather seems to have gotten back on its good behavior drilling operations will probably be resumed with increased vigor. The only unfavorable report reaching us is from the Yancey well, and it is questionable whether this can be regarded as unfavorable. Casing trouble has developed and it is reported that the promoters are considering the abandonment of the present well and the sinking of another in close proximity, so sure do they feel of making a good strike in that section. In fact, it is unauthoritatively reported that the well they are considering abandoning was showing up strong when the mishap occurred and leaves no doubt in the minds of those backing the proposition with their means that oil in paying quantities is to be had in that territory for the drilling. These drilling troubles always occur in new fields particularly, are expected by old men and never deters them in their efforts.

News from the well on the Jungman tract on the Chicon is extremely optimistic and seems to point to it as the first real producer that will be brought in in this county. This well has reached a depth of 1040 feet and active preparations are now under way to give it a test-out. It is being washed out and a pump installed and we understand those in charge will be greatly disappointed if daily production falls below 15 barrels, while the driller who has supervised the drilling gives it as his conviction that daily production will exceed forty barrels. This well, formerly the property of the Taft-Tex Company, has recently been taken over by a local organization, and we understand so confident do they feel that they have a paying proposition that not one dollar of their stock is on the market.

The Christilles well, in the same vicinity, is for some reason kept sealed up. It is reported that every time the cap is removed oil shoots over the top of the casing. If this well was ever given a test the result so far as we have been able to learn was never given out. Possible developments in connection with this well may be looked for at an early date, which may have an important bearing on oil drilling work in this section.

The Circle Oil Company's well on the Bless farm is drilling below 1600 feet, possibly the deepest of all the tests in this county. They have just recently added a new and longer cable to their equipment, which would seem to indicate a deep test if pay oil is not encountered sooner. This company is not giving out any information—merely pegging away and

There are rumors of several other tests to be spudded in soon, but thus far there are no visible signs to bear out the rumors.

Some people are inclined to complain at the time required to bring in a well. The drilling of an oil well is a full-sized man's job, particularly in a new field where drilling conditions, possibly never encountered in another field, have to be met and overcome. It took years to prove the Mexia and Kosse fields by men backed by unlimited capital. We have the oil here if geologists know anything, and that they have a pretty correct line on this section is borne out by the finding of oil in dozens of very shallow wells. You will awake some fine morning and discover that another fine oil field has been added to those already existing in Texas.

Our pastures are posted according to law. No hunting allowed therein with guns or dogs.

Notice, To Hunters!

We, the undersigned citizens of Medina County, have organized the Medina County Game Protective Association.

The object of this Association is to protect the game, to enforce the game laws generally, and also forbid trespassing on our lands.

Most of the counties north of here have already organized for this purpose and in those counties the game is increasing in number each year, while in this county it is decreasing, and will continue to decrease until we begin to enforce the law in regard to hunting out of season, and following the law regulating hunting in season.

The members of this Association wish to serve notice on the public that there will be no hunting allowed on any of our premises without a written permit from the land owner or from whoever may be in charge of such premises.

This is for the protection of the land owners and also for the protection of the hunter who will respect the law.

There at present 22 members of this Association and we will employ two game wardens to look after this business and as the membership grows we will employ others. We ask all parties, hunters as well as land owners, to co-operate with us in the protection of game in Medina County.

On the first day of November the lands owned by the members of this Association will all be posted according to law, and any and all permits to hunt thereon heretofore issued are hereby cancelled.

RUDE RURAL RHYMES.

The Ad On The Fence.

I love my country's rocks and rills and feign would move from off her hills the billboard ads for liver pills. I love to gaze on some old barn that stands by wood or rock or tarn. I love its curves and graceful lines, its weathered boards from oaks and pines. I love its silo, cribs and mows, its Plymouth Rocks and brindle cows; my farm-born heart with pleasure swells when I inhale its rich, ripe smells. But O, I hate to see its back, exposed to road or railroad track, in glaring paint give doubtful hope on some one's double-action soap, or urge relief from human ills by chewing sixteen-horsepower pills. Around you curve the engine scoots, and way-worn travelers press their snoots against the dusty windowpanes, while tired eyes and weary brains drink in the peace of hills and plains. Forgetting cares and lack of cash, they gaze on fields of succotash. Green growing groves where dryads roost and babbling brooks their spirits boost. To keep these haunts for nymphs and Pan, the bilious billboard let us ban.

Nurse A Medina County Girl. A subscriber at Castroville calls our attention to the fact that in plate matter, of Red Cross publication, published in The News and other Medina county papers recently, appeared an extended mention of work done by Miss Mary FitzSimon of Arkansas, in charge of work in large territory. Miss FitzSimon, the writer says, is a Medina county girl, educated in the convents of Divine Providence of Castroville, and in the Ursuline Academy, San Antonio. Miss FitzSimon, we believe, is the daughter of Dr. John T. FitzSimon of Castroville and has been able to offer an anti-typhoid inoculation which has been successful in the army. The News is glad to have its attention called to this ex-Medina county girl, who is worthy of special notice, and has gained almost national prominence.

L. F. Price was home from Dallas for the week-end and left Monday for Chicago to see about increasing his output of Hitt Boll Weevil machines. They will be on the market next year on their own wheels as complete machines; before they have been attached to cultivators. Mr. Price is getting letters every day from farmers, demonstration agents and business men in regard to his machines. One farmer writes that he had 1,400 acres in cotton and got out 800 bales. He ran six machines, day and night, during the fruiting season.

We are informed that Mrs. Albert Brieden will have about \$500 worth of turkeys to place on the market Thanksgiving and Christmas. She will make enough off her turkeys to pay the grocery bill this year and have Christmas money to spend.

BIRY NEWS.

A pleasant birthday party was celebrated Monday night at the home of Mr. and Mrs. J. A. Blackburn in honor of their son, Raymond. Games of "42" and Rook were played. SETTLING UP TIME.

Another harvest season has rolled around, and the time for settling up annual accounts is here. In making your settlements do not forget the paper. It costs money to run a paper and printers must have money or, like other people, go hungry. Call at the office and settle your account or remit by letter. Do not wait for a statement—but a statement will be mailed you if desired. Remember, time flies and a neglected subscription account mounts up fast and if allowed to run too long will surprise you with its size. So please wait no longer but pay up now.

Yours in grateful anticipation of an early settlement,
FLETCHER DAVIS.

P. S. Add fifty cents more to your amount and get Farming for a year. You want to read Farming; don't delay longer about subscribing. F. D.

FARM LOANS.

The Hondo National Farm Loan Association, H. E. Haass, Secretary-Treasurer, Hondo, Texas, representing 132 borrowers, with \$503,280 borrowed, is prepared to make farm loans anywhere in Medina County under the Federal Farm Loan Act at 5 1/2 per cent interest and 1 per cent 33 year amortization repayment plan. Nineteen thousand Texas farmers have taken advantage of this system of borrowing over fifty million dollars. Why not you? Former restrictions have been taken off and you may borrow for any purpose provided for in the Act, as a farmer only.
